

## Coverage Alert Request (CAR)

A representative of SecureSearch has explained to me the coverage limitations of a database search. Based on those limitations, I have authorized SecureSearch personnel to follow the rule below to add additional servicing to orders placed by me or any users authorized on the organization account. The Coverage Alert Request may be removed at any time. I understand that any service added is at an additional cost and may include fees charged by the court for accessing records. I agree to pay all additional fees as agreed in the Agreement for Service.

Organization Name: \_\_\_\_\_

Address: \_\_\_\_\_

Authorized By (print name): \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

---

### Please choose one Coverage Alert Request option:

**Best Practice – Add ALL unavailable county and/or state searches in 7 years of address history, including alias names**

Please search **only** primary name

**Add unavailable county or state searches in 7 years of address history, including alias names**

Please search **only** primary name

**Select one of the following:**

Prioritize jurisdiction with longest time duration

Prioritize most recent jurisdiction

**Add 1 unavailable county or state search in 7 years of address history - select an option below:**

Prioritize jurisdiction with longest time duration

Prioritize most recent jurisdiction

*Note: Not all county and state jurisdictions have surcharges. For the county and state jurisdictions that do have surcharges the cost ranges from \$0.80 - \$95.00. Contact SecureSearch for list of surcharges.*

Should counties with an additional fee be recommended based on the Coverage Alert Request, I authorize SecureSearch to add up to \$\_\_\_\_\_ in additional surcharges *per applicant*.
