

COVERAGE INFORMATION & DISCLAIMERS

SecureSearch's Criminal Background Screening services include the following database search options:

- Multi-State Criminal Records Search and National Sex Offender Registry Search PLUS Social Security Trace and Alias Search Add-Ons ("instant")
- Statewide Search (non-instant)
- County Search (non-instant)
- Federal Search (non-instant)

"INSTANT" SEARCHES

This document outlines the data coverage for the Multi-State Criminal Records Search and National Sex Offender Registry Search and includes details about the data searched and update frequency. The Multi-State Criminal Records Search and National Sex Offender Registry Search includes criminal data and public records for selected jurisdictions, sex offender databases, proprietary databases, terrorist watch lists, and most wanted lists. Each jurisdiction updates their records based on state/local laws and procedures. Update frequencies for each jurisdiction are included on this document.

Please review this document carefully to determine if additional non-instant searches should be ordered separately based on the Multi-State Criminal Records Search and National Sex Offender Registry Search coverage and the update frequency. **The Multi-State Criminal Records Search and National Sex Offender Registry Search do not adequately cover some states. Review our Multi-State Coverage document (below) to ensure that coverage is adequate for your geographic area. Separate searches (County Courthouse Criminal and/or Statewide Criminal Repository) must be ordered to meet due diligence best practices for these states. If additional services are needed, please inquire with us and we can make suggestions.**

The data searched in the Multi-State Criminal Records Search and National Sex Offender Registry Search is a combination of direct and indirect records. Direct records are searched at the time of your request directly from the jurisdiction. Indirect records have been previously purchased from the jurisdictions and are stored in a proprietary database, which is searched at the time of your request.

SecureSearch does not report records in our database searches from jurisdictions that do not provide date of birth. We are unable to confirm ownership of records with no DOB. This does NOT apply to Sex Offender and National Security sources. If your applicant currently lives in or has resided in a jurisdiction that does not report date of birth, we strongly recommend ordering individual county and/or statewide searches to supplement the database search.

The Social Security Number Trace is a feature of our Multi-State Criminal service. The social security number trace is conducted by searching a proprietary database of information from the credit bureaus of all names and addresses known to be associated with a subject's social security number. (Credit report information and financial details are not searched unless a separate credit check is ordered.) The alias search is conducted by running a criminal records search on all names yielded by the social security number trace. **The data returned to us is not scrubbed. Therefore, your reports may include "false positives" of criminal records because of a match or partial match to the name and/or date of birth of your Applicant's names or aliases.**

SecureSearch is an FCRA compliant organization. **By using the online system to order background checks, you acknowledge that if you choose to run an "instant" database search (including but not limited to, Multi-State Criminal Records and Sex Offender Registry Search or Multi-State Criminal Records and Sex Offender Registry Search with SSN Trace and Alias Search) that you are taking responsibility for the information returned and agree to do due diligence prior to taking any Adverse Action against the Applicant.** Additional due diligence may include verifying the record truly belongs to the applicant, like ordering county courthouse searches or the equivalent, to determine if the conviction is accurate. **No unverified record should ever be used for Adverse Action. Please contact us to assist in validating records returned.**

NON-INSTANT SEARCHES

Non-instant statewide, county criminal or federal searches are supplemental searches that should be used for a deeper search of criminal records and/or to increase coverage in jurisdictions that do not have adequate data available in the Multi-State Criminal Records Search and National Sex Offender Registry Search. We offer statewide searches for the following states: Alabama, Alaska, Arizona, Arkansas, Colorado, Connecticut, Delaware, District of Columbia, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New Mexico, New York, North Carolina, North Dakota, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Utah, Washington, and Wisconsin. We are able to individually search all counties in the United States, Guam and Puerto Rico. Many states and counties charge a court access fee to get access to non-instant data. Court access fees will be passed through to you. The turnaround time for non-instant searches depends on the jurisdiction, but an average is 3-5 business days. See the **County Access Fees** and **Statewide County Searches** for more information about statewide and county searches and applicable access fees.

FAIR CREDIT REPORTING ACT (FCRA) COMPLIANCE

SecureSearch is a FCRA compliant company. All SecureSearch clients are very strongly encouraged to follow all FCRA guidelines, which can be found at <http://business.ftc.gov/>. FCRA guidelines include best practices on obtaining consent to run a background check, due diligence, taking adverse action, and proper storage, and disposal.

Multi-State Source List

SecureSearch does not report records in our database searches from jurisdictions that do not provide date of birth. This does NOT apply to Sex Offender and National Security sources, as they will regularly return records with null DOB. If you have any questions regarding the information included in this search, please contact Client Service at support@securesearchpro.com.
